

## Phoneserve OMNI PLUS Local Currency Billing

As a Call Shop owner you can now benefit from our latest functionality in **Phoneserve OMNI PLUS**. You can create your own rates to match the needs of your market, launch your local promotions... Everything you ever wanted is now possible with OMNI Local Currency Billing.

### OMNI PLUS Main Features:

- Set your retail prices in local currency
- Set your local tariff via our new rate management functionality
- Only display retail prices on the screen (user's session)
- Change the retail prices as often as you want
- Access remotely the rate management tool
- Use the same retail tariff in more than 1 call shop/cyber café
- Modify your rates remotely from any PC connected to the Internet
- Printable ticket
- CDRs to manage better your margin and cash in
- Access to OMNI PLUS in different languages

### OMNI PLUS Main Benefits:

- Allow total management over your retail prices
- Easy to set up
- Transparency to the customer
- Total flexibility about your retail prices
- Total control over your retail prices
- Time saving in set up and on-going retail prices management
- Customer friendly
- Improve the overall profitability of your business

### How to start
